

**2023-2024**  
**ST. PETER LUTHERAN SCHOOL**  
*Wish List and Needs List*

The faculty has placed the following sets of items on two separate lists. The first list is a **Needs List** and the second list is a **Wish List**. The **Needs List** contains items that our school either does not have or we need to purchase new. These items are necessary for the students and the teachers. The **Wish List** contains items that teachers would really like to have in their classrooms or at the school. These items are not necessarily essential but they would benefit students and teachers. If you would like to make a special gift to the school, you may designate it for the Special Needs List or Wish List or you may mention one of these items to purchase for the school.
